

Year 1 Newsletter Summer 1 2016

Topic : Weather and Seasons

Here is an outline of some of the learning activities for the year1 classes this half term.

Phonics

Please continue to support your child in their phonics homework. These are sounds which are set from our class phonics sessions and will be revisited throughout the week through dictated sentence writing.

Reading

We will be reading stories with predictable and patterned language, in particular Julia Donaldson stories (author of the Gruffalo). Why not visit your local library and share some of her stories

Maths

In maths we will be revisiting time, please talk about the routine of the day with your child and particular times things happen e.g. bed time, dinner time.

Science

We will be investigating our local environment to look at common trees and flowers. We will be naming and drawing our findings.

Writing

This half term we will be writing poetry based on our favourite weather. We will also be re-telling familiar stories.

Exciting News
