

**Year 2 Newsletter Autumn 2
2016**

Topic: Superheroes!

Here is an outline of some of the learning activities for the year 2 classes this half term.

Computing

During this half term, we will be using the netbooks to create our own superhero comic strips.

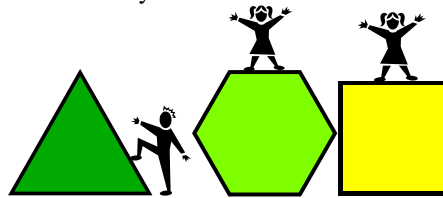

Phonics

How well can your child identify their phonics sounds in their reading books? Ask them to identify the sounds they know. Use a phonics mat to help practice the sounds.

Maths

Take every opportunity to read, write, order numbers and count accurately.

We will be looking at multiplication and division; as well as position and direction and telling the time. Help your child to tell the time by looking at the clock together and frequently asking them what the time is.

Reading

Please continue to support your child by hearing them read daily and sharing your own favourite stories with them. We will be looking at comic strips, non-fiction books and poetry. Try your local library for new books to share.

Science

We will be planting bulbs and predicting what will happen to them over the next few months.

Writing

Help your child become an enthusiastic writer! Put pencil to paper by:

Writing a recount of a recent trip or activity or by writing a story or comic strip of their own using a superhero.

Exciting News

Phenomenal Phonics! Visit your child's class to see what activities they do in Phonics –
Thursday 3rd November 2.45pm
Christmas Fair - Friday 2nd December.
Christmas Play – Tuesday 13th December.
