

**Year 2 Newsletter Autumn 2  
2018**

**Topic: Let's Remember**

Here is an outline of some of the learning activities for the year 2 classes this half term.

**Computing**

During this half term, we will be using technology to record data, create art and construct mind maps.

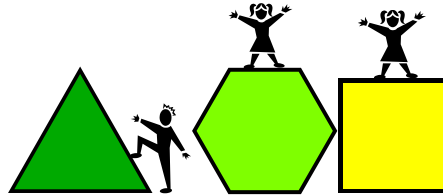

**Phonics**

How well can your child identify their phonics sounds in their reading books? Ask them to identify the sounds they know. Use a phonics mat to help practice the sounds.

**Maths**

Take every opportunity to read, write, order numbers and count accurately.

We will be looking at adding and subtracting mentally, estimation and finding inverse calculations.

**Reading**

Please continue to support your child by hearing them read daily and sharing your own favourite stories with them. We will be looking at comic strips, non-fiction books and poetry. Try your local library for new books to share. Can your child reach another level in the reading challenge?

**Science**

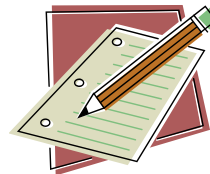

We will be looking at healthy eating and keeping fit. Why not keep a food diary to see if you have eaten foods from all food groups?

**Writing**

Help your child become an enthusiastic writer!  
Put pencil to paper by:

Writing a recount of a recent trip or activity or by writing a story or play of their own.

**Exciting News**

Christmas Fair – Friday 30<sup>th</sup> November  
Christmas Performance – Thursday 20<sup>th</sup> December
