Food

Your local foodbank can help with store cupboard essentials; you may need to be referred or give your local food bank a call to find out if they accept self-referrals:

SWHP tips for eating on a budget:

- Meal plan – this avoids waste
- Visit supermarkets at the end of the day when items are 'yellow-stickered' and reduced – some things can be frozen and used at a later date
- Bulk meals up with wholesome and cheap items such as red lentils and rice
- Buy supermarket own brand items where possible
- Homemade soups are a nutritious and cheap way to get your 5 a day – bulk them out with leftover pasta or beans
- Oats are a cheap and easy breakfast mixed with a banana and milk or water
- Eggs are a cheap form of protein and can be cooked in multiple ways to prevent food boredom – for example throw leftover veg, or herbs into an omelette
- Use cheap spice jars to flavour food – paprika, cumin and chilli powder all give food a bit of oomph
- Eat leftovers for lunch
- Google cheap recipes – the internet is awash with great ideas!
- Buy food on offer but don't be tempted by 3 for 2 or half price offers unless you will actually use the ingredients!
- Don't go shopping when hungry – it's too tempting to buy things you don't really need!
- Use cheaper cuts of meat – chicken thighs are a good substitute for breasts, lamb neck and stewing beef need to be cooked for longer but are tasty and cheaper than other cuts
- Store fruit and veg correctly to stop it going off
- Use bread from the freezer to stop it going mouldy and being disposed of
- Use by dates are only a guide if it looks and smells ok it probably is!
